- N/A
- The check-out thing is very hard to use because for the little kids and there parents it is even hard for them.
- Little kids have the most hard time to check out books
- No not really
- There is either an extended waiting time or it's difficult to find a good item I would like because the YA genres are mixed together
- Free snacks
- There is usually such a long wait for a hotspot.
- More books for 8-10 year olds
- Not at all the people who are there can help us in case the book of ur is not found we are looking for
- In my opinion the teton library is a place that everything can be welcomed all the people there are very friendly and the place is very nice. I go to the library and I still like to go in and see everything although I have always seen something new there to find and explore. When I enter the library I feel like I'm a very young girl. I love to get in and out every time I go I walk in and leave with a smile. But sometimes when you borrow a book, disc or game it can be difficult to return it because some people sometimes forget but other times people can be very busy and do not have time to return it and more when people have to take a bus because the bus takes a long time.
- Because I forget to.

6. What would you like to change about the Library?63 responses

- Nothing
- I think you could get more middle schoolers to come if you advertised the prizes for the summer reading program more. Also, if it becomes more popular, you could get more cool prizes so kids feel like they have a better chance at something.
- more books.
- Add the manga/anime one piece in book form
- more activities for middle school
- I think it's pretty good so nothing
- Have more spaces to hang out and read and/or hang out with friends.
- More cultural activities - accessibility to activities ... or more information about new books and activities

- I would like more books.
- the selection of books and having them offer food and snacks
- wider selection of books for middle schooler/high schoolers
- Not much to be honest with you. Maybe since there is a kids section of the library and adult one maybe you could block off or create a teen section so can include more variety, authors, and bigger space to include ideas that would not be best for kids to read but for teens to enjoy.
- It's all very good.
- It's all right
- Nothing for me...is an excellent place
- I think everything is fine just that I don't have time to go anymore
- I like everything they help with
- Nothing. Is all super good
- Nothing. Everything is super.
- It seems to me a place that has everything you need

- Everything seems fine to me.
- At the moment and for my age nothing
- For me I am not happy with the library to have more programs for children my age
