WORK SESSION AGENDA

The purpose of a Library Board Work Session is to provide the Board with an opportunity to informally discuss topics of common concern and interest and to exchange ideas with the Library Director and/or library staff, not to make decisions or to direct the Director or staff toward a specific action or conclusion beyond identifying additional information the Board would like to have presented at a later date. As no decisions are made, there will be no voting by the Library Board at the Work Session. The Library Director or members of the Staff may confirm any additional information the Board requires as part of any future discussions regarding the presented topic(s). If a Work Session topic subsequently requires official action, it will become an action (voting) item on a following Regular or Special Meeting Agenda. This Library Board Work Session is for the sole purpose of conducting business on the agenda. No public comments will be entertained at this Work Session.

- **Description:** What is radical empathy and how can it be operationalized to create equitable and inclusive pathways of engagement for the people you lead? During this interactive presentation, we'll unpack how bias and mental shortcuts derail our efforts to make impactful decisions and share tools for how to integrate the principles of radical empathy (vulnerability, self-awareness, and trust) into your leadership practice. Guided by the art of storytelling, you'll discover how the willingness to learn and understand the experiences of others can inform and transform your decision-making processes.
